APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights. It is understood that the  
amount of water herein granted is only a temporary allowance and that the final water  
right obtained under this permit will be dependent upon the amount of water actually  
placed to beneficial use. It is also understood that this right must allow for a  
reasonable lowering of the static water level. This well shall be equipped with a  
two (2) inch opening for measuring depth to water. If the well is flowing, a valve  
must be installed and maintained to prevent waste. A totalizing meter must be installed  
and maintained in the discharge pipeline near the point of diversion and accurate  
measurements must be kept of water placed to beneficial use. The totalizing meter  
must be installed before any use of water begins or before the Proof of Completion of  
Work is filed.

The total combined duty of water under this permit and Permits 43737, and 43739  
shall not exceed 116.0 million gallons annually.

The manner of use of water under this permit is by nature of its activity a  
temporary use and any application to change the manner of use granted under this  
permit will be subject to additional determination and evaluation with respect to the  
permanent effects on existing rights and the resource within the ground water basin.

This Permit does not extend the permittee the right of ingress and egress on  
public, private or corporate lands.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and  
not to exceed 0.5 cubic feet per second, but not to exceed 116.0  
million gallons annually.

Actual construction work shall begin on or before N/A

Proof of commencement of work shall be filed before N/A

Work must be prosecuted with reasonable diligence and be completed on or before July 30, 1983

Proof of completion of work shall be filed before August 30, 1983

Application of water to beneficial use shall be made on or before July 30, 1985

Proof of the application of water to beneficial use shall be filed on or before August 30, 1985

Map in support of proof of beneficial use shall be filed on or before
